Attn: All Staff.

Re: Workplace Transition

Marion White is a transgender person currently in transition. Marion is in the process of transitioning from being female to being male. This is a long-term process, but for staff in the xxx Department the most visible aspect of transition will be when Marion White returns to work as Martin White. Marion has requested that all Departmental staff are informed of her transition prior to this date. It is at Marion's request that this Staff Memo is being circulated.

Marion will be taking three weeks leave, from the 17th of May to the 9th of June 2014. When Marion returns to work on the 9th June, 2014, her name will be changed to Martin White. From this date forward all staff are required to call Marion by her new name.

References in terms of pronouns will also need to be adjusted. Martin will be referred to as 'he' and 'him'. Pronouns which are currently suitable to Marion ("she" and "her") will not be appropriate after the date of transition

Marion has worked for the xxx Department for four years now and is a valuable employee and workmate. This process is difficult and involved for Marion. Marion and the Management team appreciate the support of employees in the xxx Department. Under N.S.W. Anti-Discrimination legislation Martin White will be entitled to use the bathrooms and other facilities provided for all male employees of the xxx Department. The management recognizes that this is an area that staff may have questions about and are happy to provide information from the N.S.W. Anti-Discrimination Board on this subject. The Management team will be happy to address any appropriate questions regarding Marion's transition and have organized appropriate trainers to provide staff training regarding transition.
